

## Interface Analyst Ohio Health Information Partnership (The Partnership)

### OHIO HEALTH INFORMATION PARTNERSHIP OVERVIEW

We're a nonprofit, independent, private organization. The partnership created the infrastructure for a statewide Health Information Exchange (HIE) where the medical community can electronically view and share patient health information. Our solutions connect hospitals, physicians, and other entities to improve patient care. We named the HIE, *CliniSync*, which signifies clinical data synchronization. *CliniSync* is one of the most successful HIEs in the country. Our founders include the Ohio Hospital Association, Ohio State Medical Association and Ohio Osteopathic Association, who continue to hold seats on our Executive Board of Directors.

### THE OPPORTUNITY

The partnership seeks an experienced interface analyst to perform development and maintenance within our Cloverleaf Integration Engine. The Interface analyst will be responsible for maintaining the day-to-day operations of the engine, as well as participate in new development, client onboarding, and troubleshooting. Off-hours work may be required for high severity issues but should not be considered normal.

### CANDIDATE QUALIFICATIONS & KNOWLEDGE

Ideal candidates will have a minimum of two years of experience in any integration engine, preferably Infor Cloverleaf. Candidates should possess a firm understanding of HL7 and CCD workflows, data structures, and transmission methods, as well as integration engine configuration and workflow. Candidates should also possess high ethical standards, strong writing, analytical and communication skills, and the ability to work both independently and collaboratively.

### REMOTE WORK DESIGN & OUR CULTURE

The Interface Analyst position can be structured as fully remote or hybrid on-site. Given the collaborative nature of the work, daily participation in team-based online meetings and instant messaging threads is expected. We offer a collegial environment where personal growth is valued. We value diversity, equity, inclusion, and a balanced lifestyle.

### PROCEDURE FOR CANDIDACY

Please direct all inquiries to Henry Vynalek: Email: [hvynalek@ohionline.org](mailto:hvynalek@ohionline.org). All communications will be managed with complete confidentiality. *Please, no search firms.*

*The Ohio Health Information Partnership values diversity and is committed to equal opportunities for all persons regardless of race, religion, sex, sexual orientation, veteran status, or any other status protected by law.*
